Corner Brook United Church

June 1, 2025

(Lynn Miller)

As the name suggests Tyrian purple was made famous by the Phoenicians of Tyre who discovered that Murex snail dye produced a colour-fast rich hue of purple. Each Murex snail produced only a few drops of dye, so literally millions of snails were harvested for their precious ink, leading to their decline – and hence, even greater value. Ultimately, they were driven almost to extinction, although they've made a remarkable recovery in modern times.

Welcome and Announcements

Silent Prayer

Call to Worship:

L: I put all my hope in the Lord, who leaned down and listened to my cry for help.

P: He lifted me out of the pit – out of the muck – and set my feet on solid rock.

L: He put a new song in my mouth – a song of praise for our God. May people hear this and put their trust the Lord.

P: Those who put their trust in the Lord and pay no attention to the proud or to those who follow lies – they are truly happy!

Hymn: *It's a Song of Praise to the Maker* MV 30

Prayer of Thanksgiving for God's Presence

Anthem: *My Love Colours Outside the Lines* MV 138

(Reading from Acts 16: 9 – 15)

Postlude

There is no **Sunday Café** today.

A couple reminders as we read through Acts

Luke is the author of both a *Gospel* and the book of *Acts*. The two books are very close to being the same size, and originally would have each fit neatly onto one scroll.

Even though the book of *Acts* is the purported history of the early *Church*, it's not written as objective history so much as a theologically-correct set of stories, some of which are more factually accurate than others.

Paul's Second Missionary Journey (Bible Mapper)

Paul and Silas travelled from Antioch into Cilicia, passing through Paul's birthplace of Tarsus. Timothy joined them at Lystra, and they travelled through southern Galatia, Phrygia, and Mysia without success. Coming to Troas, they journeyed over to Macedonia where their fortunes changed.
